

PARTNER UP!

Helping businesses secure affordable child care for their employees

Businesses could reserve slots in your regulated child care programs through Partner Up! The business will contribute at least 25% of the true cost of care for each slot reserved, and Partner Up! will contribute the remaining amount. This lets families receive accessible, high-quality child care at little-to-no out-of-pocket cost to them.

CHILD CARE THROUGH COMMUNITY PARTNERSHIPS

A local Business Child Care Advocate will help your child care program every step of the way.

If your regulated child care program is in good standing with DCF, it's likely Partner Up! could help pay for the care of your current families if their employers apply. And if you have open slots in your child care program, Partner Up! can help match you with local employers with child care needs.

If your rates are lower than the Partner Up! payment amounts, your program will still receive the full Partner Up! payment for the slots reserved. If your rates are higher than the Partner Up! amounts, the parents using the slot will be responsible for paying that difference.

Partner Up! is currently funded through 2023.

Contact your local CCR&R if your program would like to accept children through Partner Up!

SUPPORTING FAMILIES & CHILD CARE PROVIDERS

The ongoing child care crisis means Wisconsin parents are struggling to find and afford child care, and child care providers are struggling to keep their doors open due to high turnover, low wages, and high costs of operation.

Partner Up! supports Wisconsin's workers, including child care providers, by helping parents find and afford child care, and ensuring the care providers receive fair compensation.

83% of millennials say they would leave their job for one with more family-friendly benefits.¹
